

# "C10"

C10-H

C10-DW

C10-DB

**Fits medium sized 4:3 screen plotters or a combination of small widescreen chart plotters and three standard sized instruments**

### Features:

Innovative design allowing all helm Pods to be mounted to either 9.5" or 12" binnacle rails - *C10-H*, or directly to a flat surface - "deck mount", by way of a 290° swivel base that is available in white - *C10-DW*, or black - *C10-DB finishes*.

1. High quality stainless steel brackets - for watertight installation, supplied with tamper proof bolts and three internal rubber bushes to allow fitting to common rail sizes
2. Custom designed seal and fasteners, increases strength and prevents overtightening of the two halves of the Pod
3. Incorporated Goretex® vent to prevent build up of water vapour within the Pod
4. The deck base has internal built in brass spacers to prevent over compression of the plastic and aid security
5. Small internal and external indentations aid with installation and face cutting

## MarinePod®

MarinePod specialises in the design and manufacture of protective housings for marine electronics - “Pods”. It offers the marine industry a unique approach to the common problems faced when trying to install the latest navigation or instrumentation displays on to a vessel.

## Custom Design

In addition to the standard range of Pods, MarinePod can manufacture Pods with custom finishes. Choose a finish that fully complements your vessel and style. Available at an additional cost. Please call for further information.

NOTE: If your brand and model of electronics is not listed please call prior to ordering, or visit [www.marinepod.co.uk](http://www.marinepod.co.uk) for further information. MarinePod operates a continuous product development program and reserves the right to alter specifications without prior notice.
