

i3-H

Fits three single standard sized 120mm x 120mm marine instruments

Features:

Innovative design allowing all helm Pods to be mounted to either 9.5" or 12" binnacle rails - *i3-H*.

1. High quality stainless steel brackets - for watertight installation, supplied with tamper proof bolts and three internal rubber bushes to allow fitting to common rail sizes
2. Custom designed seal and fasteners, increases strength and prevents overtightening of the two halves of the Pod
3. Incorporated Goretex® vent to prevent build up of water vapour within the Pod
4. Small internal and external indentations aid with installation and face cutting

1.

MarinePod®

MarinePod specialises in the design and manufacture of protective housings for marine electronics - "Pods". It offers the marine industry a unique approach to the common problems faced when trying to install the latest navigation or instrumentation displays on to a vessel.

Custom Design

In addition to the standard range of Pods, MarinePod can manufacture Pods with custom finishes. Choose a finish that fully complements your vessel and style. Available at an additional cost. Please call for further information.
