

OVER BOARD®

100%
WATERPROOF
BAGS & CASES

100% waterproof bags and cases, combining form with function. High quality, technical and value for money – waterproof protection at its best.

OUR STORY...

It all began on the beaches of Thailand and Australia back in 2006. Having been friends since uni, Dan and Joel – that's us – we had quit the rat race and slipped on our flip-flops to spend six months on an epic beach, boat, surf and scuba holiday.

For weeks we fought to keep our technology, valuables and clothes safe from the impact of water and sand. It finally dawned on us – what we needed was a totally trustworthy waterproof bag that guaranteed us peace of mind without slowing us down and more than that, if this was what we needed it had to be true for thousands of others too.

We arrived home and even before our tans had faded, we were researching, designing, innovating and producing our first prototypes – the perfect dry bags which became our first OverBoard products.

The response from friends, family and a growing band of highly satisfied customers spurred us on and so the range had to grow. We introduced more colours, sizes and solutions to protect everything from phones and iPads to emergency supplies – from the damage caused by water, snow, dirt and sand.

Fast forward, and today we are the leaders in waterproof bags and cases with customers and distributors in over 70 countries. It has been hard work for sure but there are perks. We test everything in the factory together with the ultimate trial, which is in real life situations with the sun beating down, someone has to do it right!

Wherever you go, whatever you do, there's an OverBoard 100% waterproof product for you.

WATERPROOF RATING SYSTEM

- 1 IP64** WATER RESISTANT FOR LIGHT RAIN AND SPRAY
- 2 IP65** FOUL WEATHER AND SPRAY PROOF
- 3 IP66** FLOATS AND CAN HANDLE QUICK SUBMERSION

DualVis™ REVERSIBLE PANEL

This patent pending DualVis™ front panel has been designed with safety in mind. Choose Classic mode with the panel removed when you're off your bike, or between the Hi-vis or Reflective side depending on whether you're out riding in the day or night.

The DualVis™ panel easily connects to the hooks on the front of the backpack using the elasticated attachments on each corner.

Patent Pending No: GB1801894.5
